## FORTHCOMING MEETINGS

The Annual General Meeting will be on Thursday, 21 November at 5 p.m. at Bedford College, Regent's Park, London NW1 4NS, preceded by tea at 4.30 p.m. Professor D. G. Kendall F.R.S. will deliver his presidential address. There will be a Society dinner afterwards at the Park Court

Hotel. Transport from the College to the Hotel will be provided.

Professor I. G. Macdonald will be the speaker at the meeting on Thursday, 12 December at University College, London.

J. L. BRITTON

## DURHAM SYMPOSIUM ON L-FUNCTIONS AND GALOIS PROPERTIES OF NUMBER FIELDS

The 4th Working Research Symposium at Durham will bear the title *Algebraic Number Theory: L-Functions and Galois Properties of Number Fields*. It will run from 2 to 12 September 1975 (the dates given are the arrival and departure dates). A number of leading mathematicians working in Number Theory and in related fields have said that they wish to attend.

The membership of the symposium is limited to about sixty. If you would like to come please write as soon as possible to Dr. S. M. J. Wilson, Department of Mathematics, Science Laboratories, DURHAM, DH1 3LE, England.

Financial details have not yet been finalised but accommodation in Grey College is expected to cost £5 a day (all meals included). It is hoped that the symposium will get support from the Science Research Council and the Royal Society and that we will be able to offer members help with their expenses if they are unable to get sufficient support from their own institutions.

Further details will be made available in due course.

A. FRÖHLICH  
S. M. J. WILSON

## EDITORS' NOTE

Intending contributors to the Newsletter may wish to know that material intended for the Newsletter of month  $x$  must be received by the editors by the last day of month  $x-2$ .

As well as news items, the editors are prepared to consider correspondence relating to the LMS or to general scientific matters.

## COLLINGWOOD PRIZE

The Collingwood Prize which has been given by the London Mathematical Society in memory of Sir Edward Collingwood has been awarded this year to Mr. J. D. Barrow, who obtained a First Class Hon-

ours Degree in Mathematics at the University of Durham and is proceeding to the University of Oxford to work for a Ph.D.

T. J. WILLMORE

## NEW ZEALAND MATHEMATICAL SOCIETY

The inaugural meeting of the New Zealand Mathematical Society was held on 16 May, 1974, at the University of Auckland, at the end of the 9th New Zealand

Mathematics Colloquium. Its first President is Professor David Vere-Jones of the Victoria University of Wellington.
